

Corporate Social Responsibility (CSR)

Policy

21 April 2023

APPROVED

Introduction

Our CSR programme is underpinned by the three pillars shown in Diagram 1: *CSR pillars and objectives*. CEPA's annual CSR plan is annexed to this policy. It sets out the firm's short to medium-term goals that have been agreed to provide a level of social value that is proportionate and achievable given the organisation's size and available resources.

The plan supports and enables several of CEPA's policies. These include our Environmental, HR (Human Resources) and anti-corruption policies, which can be found in CEPA's Staff Handbook, may be published on CEPA's website, or are provided to current or prospective clients and sub-contractors, as necessary.

Our aim

As an organisation, CEPA aims to provide social value that is above the minimum required by law or contractual obligation. The work we deliver often involves aspects of CSR, so we embed many of our CSR activities at the core of our values and set out details in approved written policies, to help ensure that the firm's CSR objectives are delivered by our staff and the third parties with whom we work.

Corporate Social Responsibility (CSR)

Supply chain - We will look to our partners, collaborators and subcontractors to adopt similar commitments to those we apply to ourselves

Environmental we are committed to reducing CEPA's negative impacts on the environment

- We recognise the impact that our activities can have on the environment, and we seek to minimise the harmful outputs that may be generated by CEPA's operations.
- Where it is not possible or practical to eliminate the damaging output caused, we will quantify the impact of our actions and seek to off-set those impacts using recognised methods.

Workplace -

we are committed to working
ethically, recognising &
supporting diversity &
prioritising health & well being

- Our workplace will be inclusive. Every individual is treated equally with dignity and respect.
- Staff health and wellbeing will be
- CEPA will demonstrate the highest ethical standards in all its activities.

Community -

we are committed to being a force for good in our community

- We will make a positive contribution to the communities in which we operate.
- We will identify ways in which we can support those in need that we meet through our work or through our teams' charitable activities.
- We will continue to allocate resources to support selected registered charities and international institutions.

Short-term objectives

An annual CSR Plan will be produced for each financial year and this plan will be provided as an annex to this policy.

The purpose of our plan will be to set out the specific activities that will be undertaken in support of the overall objectives that are stated above. It will include timings and give ownership of the activities to either departments or individuals.

The activities that are included in the CSR plan are the minimum that will be undertaken and CEPA will remain open to undertaking additional initiative that be arise in any period. The plan is not an exhaustive list of CEPA's CSR activities as it focusses on specific activities, which are likely to be in addition to the established practices that are ongoing or undertaken day-to-day, such as waste recycling or the pastoral support of CEPA's staff.
